EU – Singapore Matchmaking Event

In the context of
[Singapore International Energy Week](#)

22-24 October 2024

Singapore

OBJECTIVES

The European Commission (EC) will organise the **EU – Singapore Matchmaking Event** in the context of the [Singapore International Energy Week](#) which will be held on 21-25 October 2024.

The **EU – Singapore Matchmaking Event** itself will take place on-site in Singapore 22-24 October 2024.

The event will be jointly organised by the European Commission through the European Cluster Collaboration Platform (ECCP), in collaboration with the Enterprise Singapore (EnterpriseSG), Singapore Business Federation and the Enterprise Europe Network (EEN).

The **EU – Singapore Matchmaking Event** will bring together cluster organisations and SMEs from the European Union (EU), non-EU countries participating in the Single Market Programme/COSME Strand¹, and Singapore. It will provide participants an excellent chance to promote Cluster to Cluster (C2C), Cluster to Business (C2B), and Business to Business (B2B) collaborations.

The overall objective of the event is to promote the exchange of information and provide networking opportunities for European cluster organisations and their members with counterparts from Singapore, particularly in the fields of Clean Energy and Green Tech, eMobility, Sustainability in Digital Tech and Energy Transition Financing.

The objectives for the participants include:

- Strengthening EU-Singapore cluster cooperation for the benefit of their members, including a seminar, a cluster matchmaking event, and site visits.
- Identifying potential areas of common interest for cooperation and synergies, in terms of the sectoral, value chain, and market focus of their SMEs and other companies.
- Improving, through clusters, the EU-Singapore industry and academia-industry collaboration in research, development, and innovation. For its members, the clusters will identify possible areas of RDI collaboration (academia, research organisations, industries...).

The call for expressions of interest is being launched to identify a European delegation made up of representatives from SMEs ([please see section “Who can participate” below](#)) who are willing and committed to participate in the EU-Singapore Matchmaking Event.

By submitting an expression of interest in response to this call, you are indicating your acceptance of the call's terms.

CONTEXT OF THE INITIATIVE

The Event will take place in the context of the ECCP activities. The European Commission facilitates international cluster cooperation through the ECCP including the organisation of specific cluster matchmaking events and policy development actions. The events are currently funded under the EU Single Market Programme (SMP)/COSME Strand.

The ECCP provides a visible framework for this matchmaking event and for subsequent events. As the cornerstone of the European strategy in support of SMEs' internationalisation through clusters, the ECCP provides a wide range of information and services to facilitate the interaction between clusters not only within Europe, but also with international partners.
