

Present your organisation

Wasabi 2.0 aims to stimulate the horticultural food industry in Wallonia

IIS WASABI 2.0

- by **integrating** the production, processing and distribution of fruit & vegetables and low-conversion animals (fish, insects, poultry)
- by developing **diversified** agri-food systems on a **human scale** (artisanal - family - small business) that are sustainable, circular and resilient
- by **supporting** players in the value chain to stimulate the development of the emerging horticultural agri-food sector, producing locally and in short circuits

Explain what you offer (products and/or services)

Walloon network of 66 partners

What are you looking for? (Horizon, Interreg, tender, etc.)
