The single evaluations of Steering Committee members are archived as project data, available for consultation upon request.

Given the number of applicants has been lower than the maximum supportable by the project, all the SMEs have been selected. In terms of eligibility 16 out of 17 are accepted and eligible for funding as they comply with the criteria verification made by the Partnership. Only 1 applicant resulted Large Enterprise, won't receive the financial support and will join the mission on their budget.

The participation of the 17 companies to the mission to USA is approved, as well as the related provision of the technical and financial support.

Mission to USA 8-12 May 2023.
